<https://www.quadcnc.co.uk>

The background is a dark, slightly blurred photograph of a CNC machine in operation. A large, light-colored, curved part is being machined. In the foreground, a workbench holds a yellow and black tape measure and a small orange container. A large blue geometric shape is in the top left corner, and a blue line graphic is in the bottom right corner.

THE QUAD CNC SERVICE

THE SERVICE

Whether you're an individual wanting a bespoke commission. Or, a big brand wanting to manufacture high-volume components. We offer you the same seamless, end-to-end service – from drawings right through to delivery.

Our top-quality CNC craftsmanship is something we're enormously proud of.

QUAD CNC QUALITY

CNC EXPERIENCE

With over 20 years' experience in our industry, you can rest assured we know what we're doing.

We relentlessly pursue the most efficient way of perfectly machining and cutting your materials, while still achieving a high-quality finish.

THE PRICE

OUR SERVICES

DRAWING SERVICES

You can send us your drawings in DXF or DWG format. Alternatively, you can take advantage of our professional CAD drawing service – and get help to turn your initial design ideas, into a reality.

MATERIALS

We perfectly machine a wide range of materials including: wood, plastics, and non-ferrous metals.

TECHNIQUES

We use a wide variety of tools and techniques to perfectly machine materials to a high-quality finish.

LOGISTICS

Assembling, packing, shipping, and delivery is just as important to get right, as the end product itself.
